Martin Boliek et al	:	
Application No. 09/801,360	:	LETTER
Filed: March 6, 2001	:	
Attorney Docket No. 74451.P127D4	:	

This is in reply to the communication received March 30, 2006, requesting that the Office ensure that Mr. Kok Gi Wu, one of the originally named inventors in the above-identified application, not appear on the issued patent.

It is noted that an amendment to correct inventorship was filed on August 22, 2002, which stated that Kok Gi Wu did not contribute to the invention and that his inclusion as an inventor was made without deceptive intent. The request to amend the inventorship was not granted, as noted in the communication mailed April 7, 2006.

In view of the refusal to correct the inventorship to delete Mr. Wu, the decision and filing receipt mailed on May 6, 2005 correctly set forth Mr. Wu as a co-inventor in this application. Petitioner should note that, in view of the payment of the issue fee, any future amendment to correct the inventorship will have to be accompanied by a petition to withdraw from issue and \$130 fee; a petition under 37 CFR 1.48(a) and fee of \$130 fee; and a request for continued examination under 37 CFR 1.114.

The Office wishes to sincerely thank petitioner for supplying a copy of the decision mailed May 6, 2006 for completion of Office records.

Inquiries concerning this communication may be directed to the undersigned at 571-272-3218.
